

AMERISTAR®: COMFORT FOR ALL

Ameristar® by American Standard Heating and Air Conditioning® is for people who like it extra cool. Those who need **more** warmth. And everyone in between. Comfort is in the hands of the thermostat beholder—and we make sure to deliver.

Whatever the weather, we believe your customers' indoor spaces should be set to "just right." With Ameristar, your dealership can trust that every install will result in a room temperature that just works.

Performance You Can Count On

Thoughtfully engineered to deliver the most dependable possible performance and consistent, top-notch efficiency, the Ameristar® HVAC systems lineup can give your dealership a leg up on the competition.

Ameristar equipment is the perfect option for homeowners who prioritize **lasting comfort and peace of mind**. Some rely on research and reviews when choosing a replacement system, while others might be budget-conscious, but they have one thing in common: trusting a brand backed by **American Standard Heating and Air Conditioning®** to deliver comfort that meets their needs.

Our systems are also ideal for single-family residential new **homebuilders** who require HVAC systems designed to meet the unique requirements of single-family homes. Ameristar by American Standard Heating and Air Conditioning product standards and **core technology** will back their reputation for comprehensive **quality and efficiency**—while **making installation easy** and helping mitigate call backs.

Finally, the Ameristar product line represents a competitive option for **property managers** who want to ensure tenant satisfaction and long-term reliability. Ameristar systems are tailored for efficient cooling, heating, and **ease of maintenance**—while delivering the comfort that property owners, managers and tenants can trust.

¹ Registered Limited Warranty terms are available when you register within 60 days of installation. You can register online at americanstandardair.com or by phone at 855-260-2975, otherwise American Standard Heating & Air Conditioning's Base Limited Warranty terms will apply. Base Limited Warranty information on specific products can be found on americanstandardair.com. Ask your dealer for full warranty information at time of purchase. Warranties are for residential and multi-family use only, some exclusions may apply. Product Registration and Registration Transfer exclusions vary in the US from state to state and in Canada from province to province. To determine if there are specific exclusions for your state or province check your local laws.

AIR CONDITIONERS**AIR CONDITIONERS**

Ameristar® air conditioners are equipped with high-quality components and are available in a range of cooling capacities, suitable for new builds and replacements. With our budget conscious units, you can be confident that your customers will be cool, comfortable, and dry even on the hottest and stickiest of days.

HEAT PUMPS**HEAT PUMPS**

Durable and efficient Ameristar® heat pumps fit right in with today's trend towards electrification, and offer an energy-efficient, cost-effective solution to keep your customers comfortable year-round.

FURNACES**FURNACES**

Ameristar® furnaces really turn on the heat, streaming warmth throughout properties of any size or configuration. Your customers can rest assured they won't find this level of quality construction, reliability, and efficiency at the same price point.

AIR HANDLERS**AIR HANDLERS**

Whether a property is a single-family home, condo, or apartment, Ameristar® air handlers flex to meet your customer's needs and yours. They're easy to install, adapt to a variety of applications, and are engineered to accomplish the task quietly, efficiently, and affordably.

COILS**INDOOR COILS**

Since what's on the inside is what counts, our all-aluminum, Ameristar® indoor coils stand up to year-round use. They suit a variety of residential situations and budgets. Plus, they are engineered to excel with long-term performance and efficiency.

PACKAGED UNITS**PACKAGED UNITS**

Ameristar® packaged units don't just create whole-home comfort, they save on space by housing the heating and cooling equipment within a single outdoor cabinet. Installation is a snap for new construction projects or for replacement in single-family properties.

DUCTLESS**DUCTLESS SYSTEMS**

Ameristar® single and multi-zone ductless systems are an ideal choice for efficiently heating and cooling living spaces without a ducted system, like a garage, sunroom, attic or where the main system lacks capacity to expand. In more mild climates, our durable and efficient Ameristar® heat pumps offer a budget-friendly solution to keep your customers comfortable year-round.
